You can find your TradingView username by clicking your profile picture in the top-right corner of tradingview.com.

Step 2: We Grant Access

Once we receive your username, we will manually approve access to the script. You'll get a confirmation email from TradingView.

Step 3: Apply the Script on Your Chart

- 1. Go to https://tradingview.com and log in.
- 2. Open any chart (e.g., Crude Oil, BTCUSDT, Nifty, etc.)
- 3. Click on 'Indicators'.
- 4. Scroll down to 'Invite-only scripts'.
- 5. Click the script name 'IntradayAFL' to apply it.

Step 4: Customize or Use As Is

The chart will now show Buy/Sell arrows, P/L, and Stop Loss.

Note

- This script works without needing source code access.
- Supports: MCX Crude Oil, Natural Gas, Equity, F&O, Crypto, Forex.
- TradingView is FREE for single chart use.
- To view multiple charts at once, you'll need a TradingView subscription.
